DECLARATION UNDER 37 C.F.R. §1.132

MAIL STOP AMENDMENT
COMMISSIONER FOR PATENTS
PO BOX 1450
ALEXANDRIA, VIRGINIA 22313-1450

Sir:

This Declaration is to establish inventorship of the invention described within the present Application by the inventors of record as recorded at Reel 013809 and Frame 0810. The Declaration is provided by several co-authors of a Publication titled: "On-Chip Repair and an ATE Independent Fusing Methodology," (hereinafter referred to as "Publication"). In support, the following facts are presented:

(1) The persons making this Declaration are the co-authors of the Publication, namely, Bruce Cowan, Owen Farnsworth, Peter Jakobsen, and Donald L. Wheeler, who all assert that they are not inventors of the subject invention.

(2) Both Michael R. Ouellette and Steve Oakland are co-inventors of the subject invention and co-authors of the Publication;

(3) The Publication was published by the above co-authors in the IEEE Journal on October 7, 2002, which date is subsequent to the date of invention by the inventors; and

(4) The non-inventive co-authors of the Publication affirmatively state that the inventive concept described within the Publication was invented by the inventors of record in the Application and that the Publication was merely a description of portions of that invention.

We, the authors of the Publication, further declare that all statements made herein of our own knowledge and all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful and false statements and the like so made are punishable by fine or imprisonment of both under §1001 of Title 18 of United States Code and that such willful and false statements may jeopardize the validity of the above-referenced Application and any patent issuing therefrom.

FURTHER DECLARANTS SAYETH NOT.
